12/06/2026

Dear JOHN

We've received your transaction dispute

Thanks for letting us know that you'd like to dispute a transaction on your debit card. We're taking a closer look into your case. We'll be in touch soon to let you know how your case is progressing. If you have the CommBank app, ensure push notifications are turned on.

Here are the details of your case:

Your case number: 18535852

Your account number: 521729xxxxxx8219

Transaction Date	Merchant Details	Pending	Amount
12 June 2026	REPLIT, INC. FOSTER CITY USA	Yes	\$79.30

What if the transaction is pending?

Some card transactions may appear as pending on your account until the payment is fully processed by the merchant. Generally, this takes about 3-5 days but can take up to 10 days. We will start investigating your dispute once the transactions are no longer pending.

What happens next?

- Once all transactions are fully processed by the merchant (or no longer pending), we'll contact the merchant on your behalf to help resolve your dispute.
- We aim to resolve most disputes within 21 days. If your dispute is successful, this is when you should see the disputed transaction amount back in your account (with related fees and/or interest paid to your account at a later date). Some disputes can take longer, this depends on the complexity of the dispute and whether a merchant decides to challenge your claim.
- If your card was cancelled and a new one ordered because of this dispute, you'll receive your new physical card within 5 to 7 business days. It will also be available in the CommBank app within 1 business day. Make sure you activate it once you receive it and update any merchants taking regular payments from your card with your new card details, since the card number will have changed.

- While you wait for your new physical card to arrive, you can use your new digital card in the CommBank app. To view your digital card details, log on to the CommBank app, tap 'Cards' and select your new card.
- You can use your digital card to shop online, update your card details for recurring payments or to set up a digital wallet to shop in store. If you've already set up your digital wallet (e.g. Apple Pay, Google Pay), there's no need to set it up again and you can continue to use it while you wait for your new card to arrive.

We're here to help

If you have any questions or want more information, visit **commbank.com.au/dispute** or message us in the CommBank app. Alternatively, give us a call on **13 2221**.

Yours sincerely,

Commonwealth Bank
